Advanced Family Assistance Program

We understand that after the death of a loved one families are often left with the onerous task of completing Canada Pension forms, insurance claims, health benefits, (reporting the death to employers, banks, trust companies etc.) at a time when these responsibilities can seem insurmountable. It is easy to justify putting these things aside until one feels strong enough to complete them. This often delays benefits to a surviving spouse or children and we know it helps to have this completed in a timely manner. Includes 10 additional Funeral Director Proof of Death Certificates.

We will complete all forms required for:

Income Securities Program and the federal government related to Canada Pension and Old Age Security.

As requested we will:

Complete the application form for Canada Pension Lump sum death benefit.

Complete the spousal monthly benefit form.

Complete children's benefit forms.

Obtain and complete life insurance claimant forms.

Obtain and complete employer health, life and pension forms.

Give notification and supply certificates of death to any bank, trust company, union.

Deliver all forms once completed to their required locations. \$ 295.00

Proof of Death Certificate

Before the business and legal issues of the estate can be pursued, it will be necessary to obtain certified copies of the death certificate. You can order them from the Funeral Director or directly from the Registrar of Vital Statistics in your area. It is always better to order a few more than what you think you will need. Most agencies will only accept certified death certificates and not photocopies.

In some cases, there may be a need to obtain a certified copy of the death certificate without a cause of death. These certificates are needed to transfer the title on a house, mobile home, and automobile or in some cases for court procedures. You should make this request when ordering the certified copies.
